EXPERIENCE

Front-End Developer

2022 - Current

Company: Ditec

Currently, I excel as a **Front-End software developer**, using **React.js**. One of my greatest virtues is my ability to style and structure the website with **HTML** and **CSS**. Throughout my time here, I have primarily focused on developing an e-commerce platform for a prominent US-based company. known as "BuckedUp".

HARD SKILLS

HTML CSS JavaScript React.js Next.js Tailwind Git GitHub

I am learning...

Astro Figma

You can go to www.victorbarilin.com (developed with **Astro**) to see my work and projects.
